We have a car of the famous Idaho Falls Flour. We are selling you this flour below the present wholesale market.

One 48-pound bag Idaho Falls O. K. Flour	\$3.20
Two 48-pound bags Idaho Falls O. F. Flour	\$6.35
In 500-pound lots	\$6.30
In 1000-pound lots	\$6.25
98-pound bags Turkey Red Flour	\$6.50
4 pounds Sugar	.98c

For camping parties we have a complete line of canned meats and Vegetables

Western Market Food Department Stores

366 Twenty-fourth Street 2448 Washington Ave.

FLOUR BUYING IS AT STANDSTILL

MINNEAPOLIS, Minn., July 14.—The Northwestern Miller's weekly review of the flour trade says: Flour buying is practically at a standstill and the mills are operating with the lowest output of the year. Flour prices are nominally fifteen to forty cents per barrel higher than a week ago because of the advance in wheat but buyers are holding off to see what will happen when trading in wheat futures is reopened on Thursday. New crop flour is still very sparingly offered. Mill feed prices are a trifle lower. The transportation situation appears somewhat improved. Wheat mills here reported last week an output amounting to thirty-eight per cent of capacity. Kansas-Oklahoma hard winter wheat mills thirty-nine and Ohio valley soft winter wheat mills thirty per cent.

AT MINNEAPOLIS.
MINNEAPOLIS, Minn., July 14.—Flour unchanged to 10c higher.
Bran \$49.00.

CENSUS REPORT.
WASHINGTON, July 14.—(Census.)—Superior, Wis., \$3,624, decrease 760, or 1.9 per cent.

REPORT MADE TO THE BANK COMMISSIONER OF THE STATE OF UTAH OF THE CONDITION OF THE

Ogden State Bank

Located at Ogden, in the County of Weber, State of Utah, at the close of business on the 30th day of June, 1926.

RESOURCES	
Loans and discounts	\$2,804,600.62

A. P. BIGELOW, being first duly sworn according to law, deposes and says that he is cashier of the above named bank; that the above and foregoing report contains a full, true and correct statement of the condition of the said bank at the close of business on the 30th day of June, 1926.
A. P. BIGELOW, Cashier.
Correct Attest:
H. C. BIGELOW,
H. M. HOWE,
E. L. VAN METER,
J. M. BROWNING,
Directors.
Subscribed and sworn to before me this 10th day of July, 1926.
M. E. RAWSON, Notary Public.
My commission expires the 16th day of April, 1927.
I, N. T. PORTER, bank commissioner of the State of Utah, do hereby certify that the foregoing is a full, true and correct copy of the statement of the above named company, filed in my office this 12th day of July, 1926.
N. T. PORTER, Bank Commissioner.

Gov. Brough, Ogden Visitor Tomorrow; Reception Arranged

Tentative program for the entertainment of Governor C. H. Brough of Arkansas and Mrs. Brough was outlined today by a committee appointed by President Warren L. Watts of the Ogden chamber of commerce. Gov. Brough is a former resident of Ogden. John Culley is chairman of the committee and Mr. Culley with Frank A. Stevens and George Glen will arrange for the governor's reception upon his arrival in Ogden at 2:30 o'clock tomorrow afternoon. On their arrival the governor's party will be escorted to their hotel to prepare for a tour of Ogden canyon and nearby points of interest. An informal reception will be held at the Weber club at 6:30 p. m. Governor Simon Bamberger and Mrs. Bamberger are expected to be present. It will be solely a citizens' affair, said Mr. Culley and Ogden people who were acquainted with Gov. Brough or his family when they resided here and others are invited to meet the distinguished visitor. The governor's father was at one time mayor of Ogden.

WILSON WATCHES COAL SHORTAGE

Present Movement of Fuel is Reported as Fifty Per Cent of Normal

WASHINGTON, July 14.—President Wilson has been kept fully advised as to efforts by the railroad administration and interstate commerce commission and the Coal Operators' association, in dealing with the coal shortage situation and especially at Lake Erie.

A report by D. M. Eldord, assistant to the director general of the railroad administration, showed the present movement of coal about 50 per cent of normal was sent to the president today with other documents. Discussing rumors of the appointment of the president of a fuel administration, White House officials warned against intimations that such an official would not be named, explaining that an emergency might arise later to make the appointment necessary.

R. R. DENY MINER CHARGES.
INDIANAPOLIS, Ind., July 14.—Charges that the railroads of the country were obtaining control of all bituminous coal possible and re-selling it to dealers because of the opportunity to make big profits due to present high prices, were made in a statement issued by Ellis Searles, editor of the Mine Workers' Journal, from the headquarters of the United Mine Workers of America here today.

EXTEND CAR ORDER.

WASHINGTON, July 14.—Extension for thirty days of the order giving preferential distribution of open-top cars to coal mines east of the Mississippi and Pennsylvania railroad officials here denied the charges. They asserted that their own supply is not sufficient to meet present needs.

U. S. JAPANESE QUESTION HELD MOST DELICATE

Savant Urges High Commission to Study Problem of Immigration.

NEW YORK, July 14.—Appointment of a Japanese-American joint high commission by the two governments to study the question of Japanese immigration to this country was advocated by Dr. Jacob Gould Schurman, former president of Cornell University, in an address at a luncheon of the Council on Foreign Relations here today.

"We have not outside this hemisphere any problems so difficult and delicate as those affecting our relations with Japan," declared Dr. Schurman, who has just returned from an extensive tour of the Orient in a party with Frank A. Vanderbilt, former president of the National City Bank. "Yet more than any other they have been made the football of party politicians. It is high time our national government took them seriously in hand."

"My dominant impression of Japan," Dr. Schurman continued, "is that Japan is profoundly desirous of maintaining peace and friendship with the United States and that for the accomplishment of that end she is ready to make all the concessions and sacrifices which a sensitive, high-spirited and powerful nation could be expected to undertake."

Japan's annual net increase of 600,000 in population, he said, leaves only two methods of escape from starvation open to her—emigration to the Asiatic mainland and importation of food in exchange for commodities. Conditions are unfavorable for Japan's becoming an industrial country like England, he said, because of the shortage of iron and other raw materials in Japan. Existence of a notoriously weak government in China, where railway materials are plentiful, he added, make extensive commercial relations with China impossible without an appearance of domination and interference on Japan's part.

GROWING DEMOCRATIC.

"This weakness in the Chinese government," Dr. Schurman said, "is the source of constant danger of commercial and military imperialism."
"Yet is the forces acting in her Asiatic environment produce an imperialistic reaction on Japan the spirit of the Japanese people, I feel very confident, grows increasingly democratic and anti-imperialistic," he declared. He cited numerous conditions growing out of the war which he said were bringing the Japanese to the democratic point of view.
